The Marlborough Public Schools complies with applicable federal and state laws and regulations pertaining to Student Records. Those laws and regulations are designed to ensure a parent's and eligible student's rights to access, inspect, and to request amendment of the child's student record.

The Massachusetts Student Record regulations and the Family Educational Rights and Privacy Act (FERPA) apply to educational records maintained by a school on a student in a manner such that he or she may be individually identified. The regulations divide the record into the transcript and the temporary record.

The transcript includes only the minimum information necessary to reflect the student's educational progress. This information includes name, address, course titles, grades, credits, and grade level completed. The transcript is kept by the school system for at least sixty (60) years after the student leaves the system.

The temporary record contains the majority of the information maintained by the school system about the student. This may include such things as standardized test results, class rank, school sponsored extra-curricular activities, and evaluations and comments by teachers, counselors, and other persons. The temporary record is destroyed no later than seven (7) years after the student leaves the school system.

The following is a summary of major parent, guardian and student rights regarding their student records:

***Inspection of Record*** - A parent, or a student who has entered the ninth grade or is at least fourteen (14) years old, has the right to inspect all portions of the student record upon request. The record must be made available to the parent or student within ten (10) days of the request, unless the parent or student consents to a delay. In the event the parent/student requests copies of a student record, the District may charge the parents/student for said copies at the District rate. The eligible student or parent shall have the right upon request to meet with professional qualified school personnel to have any of the contents of the student record interpreted.

***Confidentiality of Record*** - With a few exceptions, no individuals or organizations but the parent, student, and authorized school personnel are allowed to have access to information in the student record without specific, informed, written consent of the parent or the student.

***Amendment of Record*** - The parent and student have the right to add relevant comments, information, or other written materials to the student record. In addition, with limited exception under state and federal law, the parent and student have the right to request that information of the record be amended or deleted. The parent and student have a right to a conference with the school principal to make their objections known. Within a week after the conference, the principal must render a decision in writing. If the parent and student are not satisfied with the decision, the regulations contain provisions through which the decision may be appealed to higher authorities in the school system.

***Directory Information*** - Federal law requires that the District release the names, addresses and telephone listings of students to military recruiters and institutions of higher education upon request for recruitment and scholarship purposes without prior consent. In addition, the District may release the following directory information about a student without prior consent: a student's name, address, telephone listing, date and place of birth, major fields of study, dates of attendance, weight and height of members of athletic teams, class participation in officially recognized activities and sports, degrees, honors and awards, post-high school plans and directory information such as homeroom assignments. However, in all instances, parents may request that such directory information not be released without prior consent by notifying their school building office in writing by the end of September of each school year.

***Destruction of Records*** - The regulations require that certain parts of the student record, such as the temporary record, be destroyed a certain period of time after the student leaves the school system. School authorities are also allowed to destroy misleading, outdated, or irrelevant information in the record from time to time while the student is enrolled in the school system. Before any such information may be destroyed, the parent and student must be notified, and have an opportunity to receive a copy of any of the information before its destruction.

***Transfer of Records*** – In accordance with 603 CMR 23.07(4)(g), it is the practice of the Marlborough Public Schools to forward the student record of any student who seeks or intends to enroll, or already has enrolled in another public-school district, if the disclosure is for purposes of the student's enrollment or transfer. The parent or eligible student has the right to receive a copy of the school record that is forwarded to the new school.

***Non-Custodial Parents*** - Unless there is a court order to the contrary, a non-custodial parent (parent without physical custody of the student) of any public-school student has the right, subject to certain procedures, to receive information regarding the student's achievements, involvement, behavior, etc. A non-custodial parent who wishes to have this information shall submit a written request annually to the child's school principal. Upon receipt of such a request, the principal shall send written notification to the custodial parent by certified and first-class mail that the records and information will be provided to the non-custodial parent in twenty-one (21) calendar days unless the custodial parent provides documentation of the non-custodial parent's ineligibility to access such information. cases where school records are provided to a non-custodial parent, the electronic and postal address and other contact information for the custodial parent shall be removed from the records provided. Any such records provided to the non-custodial parent shall be marked to indicate that they may not be used to enroll the student in another school. Upon receipt of a court order that prohibits the distribution of information pursuant to M.G.L. c. 71, §34H, the school will notify the non-custodial parent that it shall cease to provide access to the student record to the non-custodial parent. M.G.L. c.71, §34H, 603 CMR 23.07.

**Third Party Access** - Authorized school personnel, to include: (a) school administrators, teachers, counselors and other professionals who are employed by the school committee or who are providing services to the student under an agreement between the school committee and a service provider, and who are working directly with the student in an administrative, teaching, counseling, and/or diagnostic capacity; (b) administrative office staff and clerical personnel, employed by the school committee or under a school committee service contract, and whose duties require them to have access to student records for purposes of processing information for the student record; and (c) the Evaluation Team which evaluates a student, shall have access to the student record of students to whom they are providing services, when such access is required in the performance of their official duties. The consent of the parent or eligible student shall not be necessary.

**Complaints** - A parent or eligible student has a right to file a complaint with the Family Policy Compliance Office, U.S. Department of Education, 400 Maryland Avenue SW, Washington, D.C. 20202-5901, (202) 260-3887 or with the Massachusetts Department of Education, 350 Main Street, Malden, MA 02148, (781) 338-3300.
