

**PROMOTION/RETENTION of MIDDLE SCHOOL STUDENTS**  
(Instruction)

**PROMOTION/RETENTION OF MIDDLE SCHOOL STUDENTS**

Students are expected to pass all academic subjects.

Students are required to pass both Mathematics and English Language Arts or complete Summer School with a passing grade in order to be promoted to the next grade.

Students who fail to pass (Social Studies or Science) have the option of attending summer school.

Students who fail up to two (2) major academic units have the option of promotion by attending mandatory summer school.

A student who fails three (3) or more academic units during a school year will not be promoted as determined by the administrative team. Under these circumstances, the administration will be able to design special summer programming for students in need of alternative programming.
